Art Unit: 1734

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-13, drawn to a breeding apparatus, classified in class 118, subclass 13.
- II. Claims 14 and 15, drawn to a method of manufacture, classified in class 29, subclass 592.

The inventions are distinct, each from the other because of the following reasons:

The invention of Group II is independent and distinct from the invention of Group I in that the invention of Group II is to a different statutory invention, namely a method of manufacturing or assembling of the breeding apparatus of Group I. It appears that the method of manufacture could be done by hand. Furthermore, the invention of Group I could be made by an automated or robotic assembly system such that examination of both inventions would place an undue burden on the Examiner.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to Mr. Marc Machtinger on 2/24/05 to request an oral election to the above restriction requirement, but Mr. Machtinger requested a written restriction requirement.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura Edwards whose telephone number is (571) 272-1227. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris Fiorilla can be reached on (571) 272-1187. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
